SLOW-ROASTED VS. SLOW-SMOKED

Both our original, slow-roasted back ribs AND our smoked St. Louis-style spare ribs are hand-rubbed with our secret blend of herbs and spices. Both have the magical taste and tenderness you expect from Montgomery Inn.

The original, slow-roasted ribs are prepared in our proprietary ovens, cooked low and slow, until the meat is tender to the touch.

Our smoked spare ribs are also cooked low and slow, but they are sealed in our custom smoker and get just the right amount of hickory wood smoke along with just the right amount of heat. We only use hardwood hickory, exclusively sourced from a farm in Clermont County, Ohio. We NEVER use wood chips or saw dust. Just the real thing – hardwood hickory coals!
